

## Goldfields Track Circuit Walk University of Ballarat, Mt Helen Campus

The Goldfields Track extends from the summit of Mt Buninyong in the south, through Ballarat, Creswick, Daylesford and Castlemaine, to Bendigo in the north. Several circuit or loop walks are planned for future development.

The University of Ballarat Circuit Walk is close to the southern end of the Goldfields Track and is an easy 4.1 km walk on University land around the perimeter of the Mt Helen Campus. As at June 2012, the gold-topped posts are in place but no signage has been erected.

Please be aware that you are on University property. Treat other walkers and the environment with respect.
