

# THE GREAT DIVIDING TRAIL NETWORK

A pathway for walkers, mountain bikers and runners to central Victoria's hidden treasures from deep gorges and fern-lined rivers to the artefacts and cultural heritage of the greatest gold rush the world has ever seen.

The 214km **GOLDFIELDS TRACK** between Mt Buninyong-Bendigo was built by the GDTA, starting 1992, then handed over to land managers in 2011. It is marketed by Goldfields Track Inc, of which the GDTA is a member.
